Describe the program or initiative that has had the greatest positive effect on student achievement, including closing achievement or opportunity gaps, if applicable.

Acaletics is a program that is designed to assist students in excelling in mathematics, improving academic achievement, and closing achievement gaps. The mission is to have students use the same energy that athletes put into preparing for competition into their academic study. This program helped the school improve test scores by providing direct support to teachers and administrators, and also providing supplementary materials and other resources needed to implement the program. From the 2015-2016 school year to the 2016-2017 school year, student performance in **mathematics** improved significantly.

Through the implementation of the **Acaletics** program, proficiency increased from **54% to 79%**, learning gains increased from **58% to 82%**, and the passing rate of the lowest quartile increased from **44% to 83%**.

PART IV – INDICATORS OF ACADEMIC SUCCESS

1. Assessment Results:

This growth trend in mathematics is observed each year at every grade level and sub-group with the greatest increase occurring from 2005 to 2007. In this data set, sixth graders in 2005 soared from 61% meeting high standards in mathematics to 85% in 2007 as eighth graders. This 40% growth is attributed to the adoption in 2006 of a supplemental mathematics instructional program, Acaletics, the implementation of the school-wide instructional focus calendar, and a highly qualified instructional team.

Dr. Bridget Williams Awarded Prestigious 2012 Annual Queen Smith Award for Commitment to Urban Public Education

Orange County Public Schools

West Area Superintendent Dr. Bridget Williams is the winner of the 2012 Queen Smith Award. The Queen Smith Award for Commitment to Urban Education was established in October 1998 in celebration of Smith's unwavering commitment to children, her community, and her church.

Dr. Williams was nominated by colleagues within Orange County Public Schools (OCPS). She is currently dually serving as West Area Superintendent and Associate Superintendent for Specialized Student Support. Next month she will transition to the single role of West Area Superintendent.

Dr. Williams began her OCPS career in 1990 as a math teacher and moved into the administrative ranks fairly quickly. By 2006-2007, she was the principal at Jones High School. In four years, Dr. Williams led her team at Jones from a low-performing school to a high-performing grade of B (seven points shy of an A). The plan she instituted also lowered the dropout rate at Jones from 12.2 percent to 0.03 percent.

(Note: ACALETICS per the referral of Ms. Pam Stewart, current Florida Commissioner of Education, partnered with Jones High School during this period to improve the math achievement.)

A coworker at OCPS said of Williams, "As principal of Jones High School, Bridget left a permanent mark on the entire community. She is a highly-recognized and respected educator with faith-based and business leaders ... most recently, Bridget coordinated a summer-school collaboration between the City of Orlando and Orange County Public Schools that extended summer tutoring beyond school walls into city recreational centers. The program was such a big success that the city and the district are in negotiations to continue this partnership year round."

Dr. Williams will be awarded a \$2,000 check and a plaque honoring her significant contributions to education. The presentation will be October 19, 2012 at the Council of the Great City Schools 56th Annual Fall Conference, in Indianapolis, Indiana.

The award's namesake, Queen Smith, joined Macmillan/McGraw-Hill School Publishing Company in June 1989. During the last several years of her life, she was a major presence in the Council of the Great City Schools and was Chair of the Urban Education Technology Forum (UETF) section of the Council. She was also active in the National Alliance of Black School Educators.

**Bok Academy-ACALETICS® Partnership
2009 to 2018
Florida School Recognition Program**

Since its inception, Bok Academy has been an ACALETICS® partner. From 2009 to 2018 an estimated total of \$506,349 has been awarded under the Florida School Recognition Program. In 2017, Bok Academy was ranked #1 among Title 1 middle schools in Polk County for its Math Component Percent (Average of Math Achievement, Math Learning Gains and Math Lowest 25% Learning Gains).

Prior to Partnership

Notes:

- 1) In 2018, Carver Middle's **Math Lowest 25% Learning Gains** outperformed 100% of Orange County's Title 1 middle schools, while Memorial Middle **outperformed 75%**.
- 2) Memorial Middle increased its **Math Lowest 25% Learning Gains** ranking by **+06** points.
- 3) Memorial Middle increased its **Math Lowest 25% Learning Gains % Change (2017 to 2018)** by **+11** percentage points.
- 4) Excluding Carver & Memorial Middle (ACALETICS® Partners), only **5 out of 10 (50%)** of the Title 1 middle schools improved their **Math Lowest 25% Learning Gains** ranking.
- 5) From 2017-2018, **6 out of 12 (50%)** schools decreased their performance ranking among Title 1 middle schools (**Math Lowest 25% Learning Gains** ranking).

Analysis Date: 08-07-18

VALUE PROPOSITION

Unlike other educational firms, ACALETICS® provides our clients an extremely high Return On Investment (ROI), typically within one school-year, as indicated in the following excerpt from the Miami Herald.

“

As school systems nationwide sign multi-million dollar contracts with universities and educational companies to save their struggling schools, Educational Development Associates signs individual schools at a fraction of the cost and often produces immediate results using its innovative program ACALETICS.

- Miami Herald

”

WE MEASURE ROI IN TERMS OF DRAMATIC RESULTS IN MATH, AS FOLLOWS:

- 1 Achievement
(% of students scoring at/or above grade level)
- 2 Annual Learning Gains/Growth
- 3 Subgroup Achievement Gap Closure/Elimination/Reversal
